England Athletics Age Group Masters Qualification Event  
A Hampshire Road Race League Event**

Thank you for entering the annual Fleet Half Marathon organised by Fleet & Crookham AC (Registered Charity number 1156704). You will receive your race number and bag tag for kit storage through the post – **there is no need to register on the day but please arrive with plenty of time – over 3,000 runners are expected - the race will start promptly.**

### **A message from the Penny Abbott, Race Director**

I would like to welcome you to the 2019 ASICS Fleet Half Marathon organised by Fleet & Crookham AC. Our mission is to host an event for runners of all abilities, supported by local residents and one which really does put Fleet on the map. We want to provide a day to remember and an event which is good value for money and also raises thousands of £'s for charity. We are one of the largest and original half marathons still organised and hosted by a running club and local volunteers – something we are very proud of.

The 2019 event has two new special associations. We are honoured to be hosting a qualification race for the England Athletics Age Group Masters competition. For those athletes who want to check the qualification time for their age group and to register their interest you must do so via <https://www.englandathletics.org/athletics-and-running/england-competitions/england-teams-and-selection/england-age-group-masters/half-marathon-masters-team-opportunities/> prior to midnight on Saturday 16<sup>th</sup> March. We are also a host event in The Hampshire Road Race League – a league for affiliated clubs in Hampshire – see [www.hrrl.org.uk](http://www.hrrl.org.uk) for more information.

We would once again like to thank all of our partners for their support – without them and our voluntary race committee and 300+ volunteers on the day, the event simply could not go ahead. Remember everyone involved in the day is giving their time for free so please show your appreciation.

We have tried to reduce our environmental footprint this year – plastic cups on the route have been replaced with paper ones, we have again recycled as many event signs as possible, goody bags are cotton and can be used afterwards for shopping and we have made all of our runner and volunteer communications electronic. You can help us further by taking your rubbish home where you can recycle bottle/tins and please only drop rubbish close to water stations on the route. Not only does rubbish endanger wild animals, we also have to do an extensive litter patrol post-race to ensure the whole route is clear.

Our Official Starter this year is long standing Fleet & Crookham AC member Merv Owen. In his running days Merv ran 2:43:50 at the London Marathon. Merv competed for the club for many years including running in the very first Fleet Half and then sadly suffered a stroke which left him with some disabilities. Even though Merv has difficulties walking he has been involved with the half marathon for many years as well as being involved in an officials capacity with both junior and

senior athletics/XC/road races. Merv decided after the 2018 event that it was time to step back and we would like to officially thank him for his dedication. Please give Merv a wave and a cheer as you pass him on the start line.

I would personally like to thank the team and all of our 300+ volunteers for the energy and drive they showed in 2018 when we had to reschedule the event after the heavy snow on race weekend. We held the race just 6 weeks later which was a huge ask of everyone involved – it obviously didn't put us off as we are back this year.

We hope you all have a great race and enjoy your day at the Fleet Half Marathon 2019 – whether this be your first visit or you have run it many times. Good luck!

**Please ensure you read all of this email especially the Do's and Don'ts section.**

Penny

Race Director, F&C AC

### **BARR Gold certificate**

This race has been awarded the highest grade by the British Association of Road Races (which aims to maintain & review a Code of Practice for the benefit of competitors and the efficient management of both road and multi-terrain events) and demands the very highest standards of race organisation and provision. We were the 2017 winners of the new BARR award aimed at those events that continually provide a good quality service over a number of years.

### **Course Measurement**

This symbol can only be displayed by road races which possess a Certificate of Course Accuracy following measurement by a qualified course measurer. ### **Keeping up-to-date with the Fleet Half Marathon**

- Note: any changes or additions to the Runners' Notes will be announced on our website at [www.fleethalfmarathon.com](http://www.fleethalfmarathon.com)
- In the event of bad weather leading up to the race please visit the website for the latest information.
- In the event of the race being cancelled due to unforeseen circumstances, we will endeavour to contact all runners prior to the race day where possible – this will be via the website [www.fleethalfmarathon.com](http://www.fleethalfmarathon.com) and local tv/radio, but a refund of entry fees is not possible as costs are incurred from the start.

## Conditions of Entry

By entering the race you agree to abide by the Conditions of Entry which you agreed to when you entered (also see [www.fleethalfmarathon.com/entries](http://www.fleethalfmarathon.com/entries))

Please comply with any race instructions given to you by the organisers and nominated officials/marshals of the event. **In particular, please remember that it is a condition of entry that you do not wear headphones (with the exception of bone conduction headphones)**

## Race Day Do's and Don'ts

### Do's ✓

- Do bring your race number - your timing chip is incorporated onto it – no number, no race or time – pin it to your vest before leaving home
- Do fill out the personal and medical info on the back of your number – we may need this in an emergency
- Do bring the bag tag from your race pack - write your race number onto it – tie it securely to your bag before leaving it with the baggage team
- Do bring your trainers if you are not wearing them to the race
- Do bring a change of clothes in case of rain
- Do bring some cash/cards for parking/drinks/food/retail sales/massage
- Do help another runner in distress if you see one or alert the nearest marshal
- Do smile/wave at race photographers – you can download the photos for FREE this year

### Don'ts ✗

- **Don't bring your iPod/Music/Phone with headphones – they are not allowed under UK Athletics rules**  
You are not aware of what is going on around you and this puts you and others runners at risk. Please do not be selfish and ignore this rule. *Bone conductor headphones are allowed.*
- Don't run under someone else's race number because they can no longer run. This is against UK Athletics rules and it is a dangerous practice in the case of a medical emergency as we will not have the correct runner details which could cause great distress.
- Don't forget to pay for a parking ticket if required where you park
- Don't discard litter in the park and on the route – please use the bins in the park or even better take it home and recycle where you can and only discard bottles/cups/water and gel sachets close to water stations – remember we have to clear the route after you and they may cause a danger to wild animals

**Prizes will be allocated according to gun times.**

They will aim to get them online ([www.randrphotos.co.uk](http://www.randrphotos.co.uk)) within 48 hours and you just find your photos and click the download button underneath them! They will have a number search available so you can find them easily and will do their best to get shots of as many competitors as possible.

## **Calthorpe Park – site map**

Large site maps will be available on the day so you will be able to find everything you need to in Calthorpe Park. This is available to view: [www.fleethalfmarathon.com/course-info](http://www.fleethalfmarathon.com/course-info)

## **Course Safety**

- There will be a lead motorbike, lead cyclists, a lead car and 130 marshals will be strategically placed to guide you around the course.
- Please keep to the left hand side of the road unless instructed by a marshal, official or yellow sign. This is for your own safety as on some roads traffic may be flowing against you. There is one section at approx. 12 miles where you will be instructed to run on the right hand side of the road. **Do not cross through cone lines.**
- Runners must not be accompanied by dogs or followed by others on cycles, motorbikes or cars. Pushchairs are not allowed on the course.
- Please note that failure to obey the instructions given by the race marshals could place you in danger and could lead to your disqualification.
- **Please do not wear headphones – it is against UK Athletics rules - you will not hear instructions from marshals or approaching traffic and could endanger yourself and others. Bone conduction headphones are allowed.**

## **The Course**

The 2019 race will be run over the same course as 2018.

The course map is available to view: [www.fleethalfmarathon.com/course-info](http://www.fleethalfmarathon.com/course-info)

Remember we have “Pacemakers” to help you target a finish time – 1:30, 1:40, 1:50, 2:00, 2:10 and 2:20 – remember they are volunteers too so do say thank you!

Note: Towards the end of the route close to Hart Leisure Centre in Hitches Lane between 11 and 12 miles, the Lead Car has to take a different route to the runners for approx. 400 metres.

## **First Aid & Medical Care**

- **Fill out the reverse of your race number** – we may need this information in an emergency. Specify any medical conditions along with any special medical treatment, to assist medical staff should you encounter any difficulties. Write in a ball-point pen.
- Full paramedical care is available in the park and on route. Should you experience any problems during the event, please speak with any marshal or official who will be able to contact the medical staff.
- If you drop out for any reason, please hand your number to a marshal/other official and tell them where you are going. This is important as your chip will have registered that you started the run. Remember dress for the 2<sup>nd</sup> mile on the day – you don't want to overheat by wearing too much – you will warm up as you start running
- **If you are unwell or injured leading up to the event or on the day, please do not run – there is always another day/run – don't risk it**

## **Drink Stations/Toilets on the route**

- Water will be available at five drink stations on the route - at approx. 3, 5.5, 7.5, 10 and 11 miles. Please drop cups/pouches/gel sachets close to the water stations or put in "hippo bags"/bins only – do not drop them all round the route please – it can endanger wildlife and we have to clear it up! Please help us 😊
- Portaloos at approx. 3.75, 6 and 9 miles should you need a quick visit!
- There is also bottled water for all finishers as you cross the line

## **Spectator Points**
