

Road Closure times and approximate re-opening times

Fleet & Crookham AC would like to thank the residents of Fleet and the surrounding area for their support over the years of this great community event. To make yours and our lives easier on this day, please be aware that the following roads will be affected and if you can avoid driving between the times indicated it would be advisable.

The race route has been designed with the co-operation of Fleet Town Council, Safety Advisory Group (SAG), Hart District Council, Hampshire Highways, and Hampshire Police. It is hoped that the rolling road closure and re-opening will provide as little disruption as possible to local residents. Diversions will be signposted. All roads are closed prior to the arrival of the first runners and re-opened as soon as the final runner has gone by.

The full list of road closures and anticipated closure times are as follows – please note these times are approximate and could change and some roads will have traffic flow in one direction.

In 2020 we are again working in partnership with William Ford Traffic Management Ltd who will be managing the road closures for the event on behalf of the organisers.

Please note these times are for guidance only. Roads will re-open as soon as possible after the back-runners pass. This could be before the time indicated above.

Drivers on the following roads will be allowed to travel in the opposite direction to the runners:

- Bottom part of Fleet Road (once runner numbers have thinned)
- Minley Road (towards Fleet)
- Blackbushes Road (from the A30 towards Minley Road)
- A323 (from Hartley Wintney to Pale Lane North and limited from Fleet to Hartley Wintney but very restricted)
- Hitches Lane (from Elvetham Heath direction towards Crookham Village subject to a traffic control point between Fitzroy Road and Calthorpe Park School. There will be a period of time at the peak of the runners when this may be fully closed but we will try to avoid this if possible.)
