

2024 Fleet Half Marathon - Road Closure times and approximate re-opening times

Fleet & Crookham AC would like to thank the residents of Fleet and the surrounding area for their support over the years of this great community event. To make yours and our lives easier on this day, please be aware that the following roads will be affected and if you can avoid driving between the times indicated it would be advisable.

For 2024 to further minimise disruption, the race start time will be earlier than in previous years - 9.30am. In addition, the course has been reviewed with and changes agreed with Hampshire Highways. The aim of the changes is to create more of a traffic flow around and through Fleet and the surrounding area. The main changes should have a positive effect on issue for residents of Elvetham Heath. Hitches Lane and access to the leisure centre will be much improved too.

It is hoped that the rolling road closure and re-opening will provide as little disruption as possible to local residents. Diversions will be signposted. All roads are closed prior to the arrival of the first runners and re-opened as soon as it is safe to do so after the final runner and the tail end vehicle has gone by.

In 2024 we are again working in partnership with William Ford Traffic Management Ltd who will be managing the road closures for the event on behalf of the organisers.

The race route has been designed with the co-operation of Fleet Town Council, Hart Safety Advisory Group (SAG), Hampshire County Council and Hampshire Highways.

The full list of road closures and anticipated closure times for the race are as follows – please note these times are approximate and could change and some roads will have traffic flow in one direction.

ROAD	APPROX, CLOSURE	APPROX. RE-OPENING
Reading Road North (Southbound) (Closes early to allow start set up)	8.00am	13:30pm
Reading Road North (Northbound) (Closes early to allow start set up)	8.00am	13.30pm

Please note these times are for guidance only. Roads will re-open as soon as possible after the back-runners pass. This could be before the time indicated above.

Drivers on the following roads will be allowed to travel in the opposite direction to the runners:

- Bottom part of Fleet Road
- Ancells Road (towards Cove Road)
- Minley Road (towards Fleet)
- Blackbushes Road (from the A30 towards Minley Road subject to road being open – currently closed due to long term roadworks on the A30)
- A323 (from Hartley Wintney to The Elvetham Hotel)
